## Training Courses

**Intermediate Perl**  
12th & 13th February 2013, London

**Advanced Perl**  
14th & 15th February 2013, London  
17th & 18th April 2013, Manchester

By Dave Cross

### Venues:

London: The Ambassadors Hotel, 12 Upper Woburn Place, WC1H 0HX  
Manchester: Manchester Conference Centre, Sackville Street, M1 3BB

**NOTE: All delegates will need to bring a laptop with a recent version of Perl installed.**

### 2 day Intermediate Perl (including practical sessions)

This course is aimed at people who have written a little Perl and who want to add another dimension to their Perl knowledge. This will take you from being "someone who uses Perl" to a "Perl programmer".

### 2 day Advanced Perl (including practical sessions)

This course is aimed at people who have a lot of experience of Perl but who might not have had the time to keep up to date with the latest Perl techniques. This course teaches the latest techniques being used by the world's best Perl programmers. This is the knowledge that will enable you to describe yourself as a "Perl expert".

**Dave Cross** is the owner of Magnum Solutions Ltd, an Open Source consultancy company based in London. In 1998 he started london.pm which has grown to be one of the largest Perl Mongers groups in the world. He nominally led the group until September 2001. Between August 2002 and June 2006 he was the Perl Mongers User Groups Co-ordinator for the Perl Foundation. Dave is a regular speaker at Perl and Open Source conferences and is often invited to present tutorials alongside the main conference. He is the author of "Data Munging with Perl" (Manning, 2001) and a co-author of "Perl Template Toolkit" (O'Reilly, 2003). Dave lives in SW London. The rumours about gold-plated cats were never true.
