Upcoming Events
=====

ORM***SAPO codebits, Lisbon 13-16 November <http://codebits.sapo.pt/>

Portugal's largest ISP, SAPO, is organizing a major event: SAPO codebits.

ORM***London Perl Workshop, London, 1st December <http://conferences.yapceurope.org/lpw2007/>

This year we will be encouraging people from other languages to participate so we can continue Perl's long tradition of stealing the best ideas from other languages (including future versions of Perl itself). We will also be doing a lot more lightning talks (because people like them).

***OpenCon, Venice 1-2 December <http://www.opencon.org/site/about>

The only conference entirely dedicated to OpenBSD

OpenCON was born in September 2004 from an idea by Matteo Cantoni (goony) and Fabio Cazzin (fabioFVZ). The main aim is to create a conference entirely dedicated to OpenBSD and to gather users and OpenBSD enthusiasts from all over the world to let them share their knowledge, experiences and information about the operating system.
